HOT FOOD IN FOCUS

We're **Stayhot**. We create pioneering food warmers designed to elevate the culinary experience.

PENDANT HEAT LAMPS

For nearly four decades, *Stayhot* has been devoted to providing beautiful, innovative and dependable products that excel in restaurant kitchens all over the world.

Our trailblazing food warming solutions are envisioned, engineered and manufactured by hand right in the heart of Sweden, all the while adhering to the principles of Nordic design: understated, functional and built to last.

MADE IN SWEDEN

Our products are crafted with meticulous attention to detail in our Swedish factory, just north of Stockholm.

By keeping production close to home, we ensure precise control over suppliers, materials and components, thereby maintaining our highly set standards, delivering food warmers that stand the test of time.

Hot Trays that highlight and bring out the best in the dishes on display.

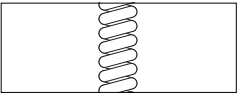

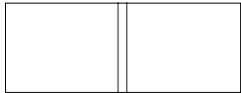

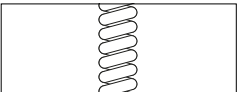

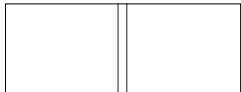

Strip Heaters created for the restaurants of tomorrow. Rigorously engineered and manufactured in our Swedish factory.

Elevate your buffet with the *Focus Hot Tray*, a perfect embodiment of Swedish craftsmanship, seamlessly blending functionality with ease of use.

Available in three GN-compatible models, the *Focus Hot Tray* offers a choice between brushed stainless steel or polished brass finishes, ensuring a sophisticated look that complements any setting. Its adjustable heat settings, reaching up to 105°C, provide optimal control, while the removable cord and discreet, space-saving hidden cord input make it as practical as it is elegant.

Designed to offer the best of both style and utility, the *Focus Hot Tray* enhances any buffet presentation.
